In harmony with the first law of genealogy or family history research, i.e., documentation, I submit my famous Cradle to Grave (C2G) Profile. This report contains all known documentation presented for the serious researcher. This has been done to help family historians continue in their thirst for family history knowledge without a duplication of effort. All I ask is you acknowledge my contribution to your family history research.

It is my hope this will serve as a template for others to record and report on their ancestry.

CRADLE TO GRAVE (C2G) PROFILE

**Elizabeth Viola
(CARTER)
Schnegelberger**

INTRODUCTION

Elizabeth Viola (**CARTER**) Schnegelberger is my 4th cousin twice removed, which makes her remotely related to me. However, I have decided to honor her lifetime of generosity, family history work, contribution to the Carter family history genre, due to her collective family history research and multiple publications.

Until I had obtained a copy of her book, "**Family History of Levi Carter, Descendants and Allied Families**," which took 6 years of research and another 5 years to publish, I thought my attempts at publishing the **PRATT PROGENITOR PAPERS SERIES** was admirable. However, her attention to detail, sources, documentation including all forms of maps, deeds, war records and all manner of historical resources, I felt my work fell short and wanting compared to her professional publications.

Because of her teaching background, she has created a standard of family history books, in my opinion reaching the pinnacle of excellence. Her attention to detail and as a hands on researcher myself, I know the sacrifice and dedication it took to obtain, collect, dig and investigate hundreds of sources necessary to write books of this caliber, she has indeed gained my respect and admiration.

It is because of her books, I increased my stride and published family history books worthy of her efforts and without her example...you my reader, would not have the 300 books, articles, stories and commentaries I have created over the last 40 years.

So, now you know my secret, Elizabeth Viola (**CARTER**) Schnegelberger was my inspiration and her family history work was the springboard that launched me on this 40-year whirlwind of research.

It is out of respect and admiration I have created this cradle to grave profile on her behalf and for all of you who will use her standard of excellence in research. We owe her a great deal and through her efforts she unknowingly has advanced family history research to the next level.

CRADLE TO GRAVE (C2G) PROFILE

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

Elizabeth Viola (CARTER) Schnegelberger, Master Research Descendant

A Tribute by Floyd Thomas Pratt F.H.C., M.A.G.I.

Further information on the Elijah Carter line can be obtained from writing to the Elizabeth Carter Schnegelberger, NSDAR No. 716560, 107 Gillis, Mound City, MO. 64470 or (660) 442-5662 and by attending the DAR Library in Washington D.C.

I just got off the phone (2010) with a great woman...Elizabeth Viola (**CARTER**) Schnegelberger. She wrote several books but the one I was most interested in, "**Family History of Levi Carter, Descendants and Allied Families**" (1991). She is still living at 103 E Gillis St, Mound City, MO 64470-1400 (660) 442-5662

She stated on the phone, that she will be 90 years old next week and started her research on Levi Carter from 1980-1986 and formed the 302 double sided page book in 1990-1991.

She said she sold 200 copies of the book. She no longer has any left, sold out in 1998. I obtained permission from her to scan the book in .pdf format and offer it to the public. I will offer it for free as usual for the \$20.00 cd processing fee. She thought that was a great idea and thanked me for my efforts...and I thanked her...for without her work, sacrifice and expense, there would be no outstanding book on Levi Carter.

Even though she does not have a computer, I will send her a copy of the book on disc so she can see the format and layout. A disturbing thought...she told me she and Leonard are headed to a nursing home in December. I hope to have her book processed before then. After all there are 604 pages.

Her book is truly a masterpiece and a standard of excellence...as I told her.

I had originally talked to her back in the 1992 when I bought a copy of her book. When I received the book, I was overwhelmed with the detail and professionalism in the work that she had created. At that time, my books (**Pratt Progenitor Papers Series**) were basically pedigree and family group sheets with notes and documentation...nothing like her work.

After reviewing her book and extracting what I could that was pertinent to my ancestors, I decided to step-up my documentation effort and offer a more comprehensive study of my ancestors fashioned after her efforts.

My crowning achievement was the 309-page book titled, "**Henry Pratt Family of Greene County, Tennessee.**"

I have seldom run across an individual in family history research whom I would even consider bestowing an honorable *M.A.G.I.* designation. As some of you know the *M.A.G.I.* designation is an acronym for *Master Accreditation of the Genealogical Institute*.

CRADLE TO GRAVE (C2G) PROFILE

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

A family history researcher earns the acronym after completing a rigorous academic course of studies designed to enhance the research experience. Only a few will ever achieve what is required to complete these courses of family history research excellence.

For additional information on the *M.A.G.I.* courses they can be accessed at <https://openlibrary.org/people/floydpratt59/lists> under the list...Genealogical Institute.

I consider Elizabeth Viola (**CARTER**) Schnegelberger one of those rare individuals who through her years of family history research experience, her attention to detail and documentation and her work is one of the best I have seen from a non-professional.

In her prime, I think she would have found the *M.A.G.I.* courses helpful and useful in enhancing her work. Accolades to the DAR organization for demanding such research detail and authentication concerning ancestor lineage and research documentation.

In her book, Elizabeth's attention to detail from cradle to grave represents the best in family history research excellence and in my opinion; Elizabeth Viola (**CARTER**) Schnegelberger has earned the right and privilege to carry the *M.A.G.I.* designation. Regardless, her body of work stands as a quintessential standard for excellence.

Many of you, over the years have showered me with accolades of praise and admiration for my collective body of family history works over the last 40 years. When you read Elizabeth's book, you will know my mentor and by her example I have been trying to duplicate her work of excellence.

In a small way, when you honor me with your words of appreciation, you are honoring her. Because of her example she set the standard and I would not have been able or had the desire to raise the bar to meet her level of excellence. Floyd Thomas Pratt F.H.C., M.A.G.I. 2 September 2010

Sister Sara Wilson, I see that you have submitted the name of Elizabeth Viola (**CARTER**) Schnegelberger K2TY-DL5 to New Family Search. I am curious as to what relation you are to Elizabeth. I am glad to see there is another family member beside myself who can do her temple work for her next month. I have paid tribute to her and her family history work on two websites...my Pratt Progenitor Papers Family Tree on www.ancestry.com

Dear Elizabeth,

I am a fellow researcher related to Levi Carter. We were at the DAR in Washington D.C. last week and I read your book. Good job well done!

Your documentation was commendable, your detail was exemplary. I was wondering if I might be able to purchase a copy of your book? Please write and let me know.

My descendency starts with Levi Carter SR. to Jesse Carter to Nancy Carter who married Henry Pratt in Greene Co., Tn on 3 Oct 1820. Do you know anything about the Pratts? I am having trouble lining up Henry Pratt's brothers and sister's and I suspect Henry Pratt Sr. in the 1810 VA census to be his parents. But this is conjecture at this point. (See my sheets)

Please let em know if you know anything concerning the Pratts.

Have you read John Denton Carter's book on The Carters of Greene County, Tenn.? If not I have a copy I will sell to you for \$5.00.

I have been researching family histories for 15 years and have written three books on the families of Crawford, Franklin, Washington, St. Genevieve Counties of Missouri. This is in relation to Henry Pratt and Nancy Carter moving to Washington Co., MO. in 1838/1839.

Once again, congratulations on a job well done.

Respectfully,

Floyd Pratt

Dear Mr Pratt,

First I'm so pleased to know your complimentary remarks regarding my Book, on "Levi Carter and allied" It sure makes me feel better about the book.

Yes I have books available \$30⁰⁰ each.

I do not have anything on Pratts. That part came from Julia Hannon Blanton, Steelville, Mo. But my 1991 letter was returned - unknown. I began my research 1978, but wrote down lots of names 1961 when Dad was ill.

Yes I have a copy of John Denton Carter's Bk. Thanks anyway.

Norma McDaniel, of St. Peters Mo has a copy of my book - sent to her by an aunt - p. 60.

Thanks again,

Sincerely
Elizabeth Schnegelberger

Dear Elizabeth,

Good to hear from you. Enclosed is a check for \$30.00 for a copy of your book. I have put your name and address in Volume 1 of my Pratt Progenitor Papers, so you might be getting amny people writing to you to order your book.

Enclosed is a catalog of the Pratt Progenitor Papers that I have completed so far (6) volumes as of this date. I have researched Crawford, Franklin, Washington, St. Francois, Ste. Genevieve Counties of Missouri researching surnames in allied families. If you are interested in any Volume the order form is enclosed.

Concerning your research on the Carter-Harmon families, I have a few questions.

- (1) Where did you find proof that George & Nancy Harmon was Susanna Harmon's parents? (She had married Jesse Harmon). Please let me know of any Harmon information you have concerning the Eastern Tennessee Harmons.
- (2) I am having trouble with the Levi Carter Sr. family. If Caleb Carter was buying land in 1772 with his father, then who is the Caleb Carter in the 1830 Monroe Co., TN census age 50-60, and in the 1840 Monroe Co., TN census age 60-70? I put his birth at 1770/1780. Also, If he was the oldest, and if Levi Sr. was born in 1736, then Levi would have been 34 years old before his first born. If Levi was born in 1736, and he married between 1756/1762, then if Caleb was born between 1760/1770 then how could he be buying land as you have stated on Page 2 in Monongalia County, Virginia in 1772? Unless, Caleb was a brother to Levi Carter Sr. or Levi Carter Sr.'s birth was 1740/1750.

It seems to me that if Levi Carter Sr. was born 1736, then maybe one of his sons is the father of Caleb, John, Rachel, Jesse, Susanna, Levi Jr., Joseph, Elijah.

Also, I noticed that a Nathaniel Carter was married to Hannah Carter in Greene Co., Tn on 5 July 1786. Which would make his birth about 1760/1766. Who is he?

Dear Elizabeth,

Enjoying your book. First class publication, you've done a good job.

I hope you are feeling better and are able to resume your normal activities. I also wish your family well and in good health.

As you probably now know, I am a descendant from Henry Pratt and Nancy Carter. So I too am interested in researching Levi Carter Sr. and Susanna _____.

I have a few questions if you could help me. You stated that Susanna Harmon's parents were George & Nancy Harmon. You also stated that this information was from a deed. Could you send me a copy of the deed or a transcript or where that deed is in what deed book? I will gladly reimburse you for your time and expense.

I am making a trip to Greene Co., TN next month and if there is anything you want me to research, please let me know.

Thank You,

Dear Tom.

I'm glad you are enjoying my Book. It was sent to DAR (state Library), Library of Congress, Wash. D.C., LDS at FHC Salt Lake, + Everton Publishers, Logan, Utah. I guess I should send one to DAR, Wash. D.C. but at the time I needed a few more sales to cover postage.

Boy, I've never had a jolt like this before. Allergies to seldome. It about folded me up for a month. Just this week I have been able to stand long enough to prepare a sandwich for supper. I've had "rubber" legs for a day after the flu, but not for 3-4 weeks now I have lots of pain in my legs, feet + joints. It affects vision + thinking, etc, so hope it clears up soon. I just lost 5 weeks on my husband's family history.

Following that, hopefully 1993 I want to do "A Bit of Scotland" - my mother's side. Three cousins accompanied me May 3-20, 1991 to Eng. Scotland, Wales + Ireland. I visited my mother's birthplace ¹⁸⁸⁰⁻¹⁸⁹³ p 262, and her 2nd home 1893-1900 - the thrill of my life, also visited over a dozen area farms where ancestors lived 1750-1900's.

A Little Something About Your Author.....

Floyd Thomas Pratt F.H.C., M.A.G.I.

At the age of 19, Mr. Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Floyd started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others. Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors. It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Due to confusion with Pratt ancestors and not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 50,000 individuals in his database and has achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended family reunions and obtained his material from the actual sources when possible.

Being a researcher of the highest degree, in 1991, Mr. Pratt created  **Pratt Publications**.

He began to offer to the public, a series of books titled, Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 11 volumes were sent to the Salt Lake Genealogical Library with 60 volumes scheduled for publication.

In 1996, Mr. Pratt created the  **Genealogical Institute** to further the education of serious researchers.

A Little Something About Your Author.....

The **Genealogical Institute** offers a series of educational materials to teach and instruct the novice as well as advanced researchers, procedures Mr. Pratt has tried and tested to be of great value in family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical techniques for tracking your family history. Many have found a treasure chest of knowledge when undertaking these courses.

Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, these courses are valuable tools for the family history researcher. Mr. Pratt has been informed by researchers his material found in his publications are recorded as source validation for such organizations as the Sons of the American Revolution (SAR) and the Daughters of the American Revolution (DAR).

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the *Master Accreditation* of the *Genealogical Institute*. (*M.A.G.I.*) Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Mr. Pratt's ability in family history research has amazed many experienced researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize, this knowledge has been acquired over 40 years of research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task. Outside of Washington, Saint John's Township, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery aka; misnamed the McAllister Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750's and arrived in the Missouri Territory shortly after the 1803 Louisiana Purchase.

Mr. Pratt recorded all the information off of the headstones including every person in the cemetery and researched each individual related to Mr. Pratt or not. 1000 man-hours and two years later, he published the book “**JOHNSON-CALDWELL CEMETERY OF FRANKLIN COUNTY, MISSOURI**”©.

Obtaining newspapers, legal documents, talking to ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text.

What makes this book unique is based on several factors. First, it is the only book to report on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children. Second, this book contains a unique index, listing the individual and their father's name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research should be based. No one has ever produced a body of work as unique and professional as this publication.

As the years moved on, Mr. Pratt became concerned about his 40 years of hard research work of various family histories. After a serious heart attack in 2012, Mr. Pratt decided to post his collective bodies of work on a website making them available to all interested researchers without compensation.

A Little Something About Your Author.....

After careful consideration, Mr. Pratt chose the website www.openlibrary.org. "Open Library" is a repository of millions of digital books available to the public for free.

There are two or more ways to access Mr. Pratt's publications.

Regardless of how many times the subject has been married, the researcher receives a full report on all known spouses and children for one low fee.

The Pratt Chronicles... The Pratt Chronicles series or what we call a Cradle to Grave (C2G) profile on steroids, is an in-depth comprehensive biography on one individual's life encompassing all known events, including historical factors from the time of their birth to their burial. These events are comprised of current music, inventions, movies, family births, deaths, marriages, legal documents, occupations, military participation, pictures, maps, mementos, world history, US history and economic conditions as they occurred on a yearly basis.

LITERARY HISTORY SERIES contains rare books concerning family history written by other authors...many who are deceased. These books were bought over the years and now enjoy the status of a rare find in the genealogical library.

VIEW FROM THE MAST... Over the years, Mr. Pratt has found it necessary to write articles concerning observations concerning various family history topics or what we call personal artifacts. These reports, articles and short stories are contained in this section labeled...View From the Mast.

A Little Something About Your Author.....

Having a unique perspective from the top of mast on the sailing ship of discovery, Mr. Pratt has sailed through the waters of family history research for the last 40 years. These articles were designed to bring to the attention of family historians some unusual details he has witnessed during his research tenure.

Genealogical Institute M.A.G.I. Courses These courses were developed over the years to assist the novice as well as the professional in all manners pertaining to family history research. Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Pratt Progenitor Papers Series This series is comprised of the famous Pratt Progenitor Papers. Starting with a known ancestor, this collection covers 2 or more generations of descendants. Each volume follows a particular individual and his descendants including children, grandchildren and spouses if known. Each of these volumes include legal and detailed information about a particular ancestor...many contain Cradle to Grave (C2G) Profiles. The order of reporting is as follows: 1st a Descendancy report on the primary, which is usually the husband; 2nd the primary or husband followed by all known wives, then 3rd the second generation comprising of all known children and their spouses, followed by additional subsequent generations of descendants. The **PPP** are light on speculation and assumptions, heavy on factual documentation offering research insights and suggestions.

ANCESTRAL FAMILY HISTORY OF... This book showcases a selected individual usually a living descendant, detailing their direct line ancestors as far as the research has been completed. This type of format is known as an enhanced pedigree chart. These books contain as many as 10 to 70 generations limited only by the number of ancestors of our primary individual. Whereas, pedigree charts list only the vitals on an individual, these books generate all known notes, articles, legal documents and if applicable, Cradle to Grave (C2G) Profiles on each and every direct line ancestor and their spouses.

In addition we are thankful for the inspiration that sparks men like Mr. Pratt to magnify their love for people and history. We feel, with a lifetime dedicated to the genealogical pursuit of truth and knowledge, Mr. Pratt's accumulative body of work, will stand as a quintessential manifestation of this divine love.
